

## Polyresin Venetian Blinds

### Product Information

Gold Coast Blinds & Shutters' 50mm + 63mm Polyresin Venetian Blind offer excellent light control, privacy, and long-lasting performance at an affordable price. The 50mm slats are manufactured from high-quality 3mm Polyresin and available in your choice of flat or embossed finishes, delivering increased strength, durability, and an elegant appearance on any window.

Our 50mm Polyresin Venetians are supplied with coordinated profile colours as standard, ensuring a seamless, cohesive look without the guesswork. The headrail is constructed from roll-formed steel that is powder-coated and baked for superior strength and durability. The base rail is made from solid Polyresin to perfectly match the slats, maintaining a consistent, refined finish throughout. An optional colour-coordinated moulded fascia is also available for an enhanced decorative touch.
